

WINTER HANDICAP- review by Andy Waring

Many thanks to all that attended the Handicap and to those who helped me with time keeping and supporting the runners. 13 members and 2 guests braved the wet and windy conditions and set off in an orderly fashion. I can honestly say that it would have been warmer running as I was frozen trying to keep the paper dry and a track of everything. Everyone finished and found something warm to wear before Margaret's bag was emptied by those who had placed a present in.

The London Marathon draw was then completed and well done to Neil Thomas and Andy Carragher on winning the clubs places.

After a warm shower it was time for refreshments.
